SMOOTH CITIZEN WORKS ON PUNCH BOARDS.

A nery young fellow succeeded several days ago in getting the better of a number of punch boards that are in operation around Paris. The young fellow played a smooth game, with the result that he has, or had, somewhere in his good clothes the sum of \$120 or more, which he reaped as his share of the game.

The man's scheme worked to perfection. He would saunter into one of the soft drink stands where the punch boards were operated, stand around a while, then casually take a punch at the board. The numbers he secured were kept in his possession whether they won or not. In this way he managed to secure a large assortment of numbers. He would then get the number on the top of the board that denoted the biggest prize, which in some instances, amounted to as high as \$50.00. He would leave the place, then return shortly afterward, and take several more punches at the board. This time the number drawing the capital prize would come out. The young fellow secured the money and departed, leaving the printed number behind him. A close inspection developed the fact that he had cunningly and skillfully pasted a series of numbers together until they corresponded to the number calling for the big prize. This program was carried out at a number of places, and as yet, the proprietors haven't succeeded in "getting the young man's number" as cleverly as he did theirs.

RED CROSS MEETING AT COURT HOUSE.

Despite the inclement weather, a large crowd attended the Red Cross meeting at the court house yesterday afternoon. Reports of different committees were read and adopted. A board of directors of twelve members was elected to serve for the ensuing year. This board will hold a meeting Monday at which time the officers for the year will be elected. Following the business sessions an interesting address was delivered by Mr. H. T. Hornung, of Cleveland, O., who served overseas as Chaplain with the American Expeditionary Forces. Mr. Hornung urged upon his hearers the importance of the local work of the Red Cross. A house-to-house canvass will be made in the city in the interest of the Red Cross, as a basis for the educational, recreational and sanitary work of the organization.

SET YOUR TIMEPIECES HOUR SLOW SUNDAY NIGHT

At exactly midnight next Sunday, October 26, there will be a change of time that will for a while be somewhat confusing, but to which we will all get accustomed in a short while. The clocks and watches will have to be set back an hour at that time, or before, in order to make certain that you are right up to date with your timepieces. It has been stated that the best way is to set all timepieces back an hour on Saturday night before retiring, so that you will be sure to have the right time the next day.

While the change in time will not suit everyone, it will be a Godsend to the fellow who likes to take an additional nap before he rises to begin the daily grind. It will give him an hour more, but, on the other hand, will make him more trouble at the other end of the day. Altogether, the time as it has been under the daylight saving regulation, would be far more acceptable to most of us.

Don't get in a "jam" Monday morning by neglecting to set your watch or clock back an hour on Saturday night or on Sunday morning. This is most important, and will be the means of saving a great deal of trouble.

SENATOR BECKHAM SPEAKS TO A LARGE AUDIENCE

A heavy fall of rain failed to keep the Democrats of Bourbon county from hearing United States Senator J. C. W. Beckham, who spoke at the court house in this city, Tuesday afternoon.

Senator Beckham was introduced by Judge Denis Dundon, and spoke for about an hour and a half. His address aroused his audience to frequent bursts of enthusiasm. He eulogized President Wilson and said his wonderful achievements for the benefit and betterment of mankind had placed him in the front ranks of the great men of history. Democratic success this fall would show the President that his sacrifice of health had not been made in vain, he declared.

The address throughout was devoid of abuse. The Senator compared the past records of the two candidates for Governor, as well as that of the two political parties, and said that should be a sufficient guide to every good citizen as to how he should cast his vote at the election in November. He said that the two last legislative sessions in Kentucky under the administration of former Governor Stanley, had performed more constructive legislation than had been done under Republican rule for many years. He discussed the Federal reserve system aside from the war legislation, as one of the most important pieces of legislation performed by the Democrats.

Senator Beckham was followed by Congressman Allen Barkley, of Paducah, who spoke for only a few moments. He denounced the practices of the Republicans in their efforts to discredit President Wilson, and was roundly cheered during the course of his remarks.

"COME ALONG" TO THE GRAND TUESDAY NIGHT.

Tuesday, October 28, is the date that "Come Along" will be seen at the Grand Opera House, and coming as it does, direct from the Nora Bayes Theatre, New York, local audiences will witness one of the up-to-date snappy girl shows that has had the approval of the first city of the land. One of the prime features of the production that will be presented by a company of 35 people is the likeable and handsome chorus and it is safe to predict that Paris has seen no prettier girls nor better dancers than these clever choristers.

It's like being on Broadway and viewing the latest and niftiest in everything that is attractive from a feminine standpoint to see the costumes worn by the "Come Along" chorus, and not the least attractive feature of the show is the ability to display these same costumes, which means that figures as well as pretty faces are one of the principal assets of this merry musical show.

Bide Dudley, of the New York World is the author of the clever lines of the show and the tunes are the sort that linger in the memory, making a pleasing combination that places this musical comedy in the front rank of likeable shows. The seat sale will open Saturday at box office, and those who like high-class entertainment, catchy music and clean, wholesome comedy with settings that are colorful and pleasing, should see "Come Along."

IN THE COUNTY COURT

Charged with failure to send his twelve-year-old daughter to school, Arthur Stivers, of the Jacktown, was fined \$13.50 by the County Court by County Judge George Batterton, under the provisions of the compulsory school attendance act.

Will Flowers, colored, claiming his home to be "somewhere in the South," was given a jail sentence of fifty days at hard labor and fined \$50 for carrying concealed a deadly weapon. Flowers was also assessed a fine of \$50 for flourishing a revolver on a public highway.

Walter Trotter, colored, arrested by County Game Warden Douglas Thomas, Sr., on a charge of violating the game laws by hunting rabbits out of season, was fined the limit by Judge Batterton, who assessed him \$23.50.

William Feeback, a white farmer of Bourbon county, was assessed a fine of \$23.50 by Judge Batterton, in the County Court, Wednesday, on a charge of shooting rabbits out of season. The arrest was made by County Game Warden Douglas Thomas, Sr. Mr. Thomas and Judge Batterton serve notice that no mercy will be shown to violators of the game law, no matter what their station in life.

PROMINENT SPEAKER TO VISIT PARIS.

Hon. Wilbur R. Crafts, of Washington, D. C., one of the foremost prohibition speakers in the country, will deliver an address in Paris, on Friday evening, October 31, in the interest of the State-wide Prohibition campaign. Mr. Crafts will speak also on the same day at other places in the county, to be selected by the county committee.

PUBLIC SPEAKING.

Congressman J. Campbell Cantrill addressed a large audience at the Clay's Cross Roads School house last night in the interest of the Democratic State ticket, following a box party held for the benefit of the Children's Home, in Louisville. The speaking had been scheduled for Centerville, but was changed.

MAKES STRANGE DISCOVERY FOR A DRY COMMUNITY.

Strange things are continually happening, and the old saying that "truth is stronger than fiction" has again been demonstrated. This time the scene is laid in the rear of Mr. John Merringer's property on Main street, where laborers made a rich strike, while digging a foundation for a garage to be erected there.

While engaged in this work a shovel wielded by one of the men, who had been throwing out dirt and a thick layer of ashes from the excavation, struck something that gave forth an unusual sound. Everybody stopped work at the yell of astonishment that went up from the laborer when he uncovered a pint bottle of bottled in bond whiskey that had been buried there for many years. No one could account for its being in that locality, at least remaining there undiscovered so long, but the most plausible explanation was given by a newspaper man, who happened to be around shortly after. The property next to the Merringer place, now occupied by Albert Anthon as a butcher shop, was owned at least thirty years ago by Mike Carmody, and used by him as a saloon. It was the belief that the bottle of wet goods had been hidden in the ash pile by one of his customers and forgotten. The bottle was donated to the Massie Memorial Hospital to be added to the store of remedies at that institution.

SHRINERS BIG AUTO AND STYLE SHOW.

The Shriners' Festival, Auto, Style and Tobacco Show, to be held in the new Phoenix Garage, Nov. 4 to 8, is being more extensively advertised than anything of the kind which has ever been held in Lexington.

Roger Nichols is in charge of advertising and no section of the central part of the State is being neglected. Slides are being displayed in thirty-six motion picture shows and newspaper space and posters are being used extensively.

The tobacco show promises to be one of the big features of the exhibit. Entries have already been received from every county in Kentucky where tobacco is grown and some fine specimens of the plant should be on display. The prizes offered in the various tobacco classes are said to be the largest ever offered in a tobacco competition.

Decoration of the building has already been contracted for and this feature of the preparations alone will amount to several hundred dollars. The Shriners' band of Covington has been secured to play each day during the show. In addition to the concerts there will be vaudeville and dancing daily and exhibitions of fall fashions on living models, both men and women, from Chicago and New York.

ICE PLANT CLOSING FOR PRESENT SEASON.

The Paris Ice Manufacturing Co. closed its plant for the present season Tuesday night, after a successful run. Mr. J. B. Graziani, who has been associated with Mr. Phil Nippert, in conducting the affairs of the plant, has returned to Covington to reside until the opening of next season. Mr. Graziani's return to Paris is always regarded as a sure sign of the return of Spring, as surely as the bluebirds come back.

Mr. Nippert stated yesterday that in spite of the handicaps he worked under, the past season had been a successful one, and that the management had done everything in their power to keep the people of Paris supplied with ice. Improvements are contemplated for next season that will place the plant in the forefront of local enterprises, and enable it to keep up with any demand made upon its facilities.

ANNUAL CONVENTION OF KENTUCKY WAR MOTHERS.

The first annual convention of the Kentucky Chapter of American War Mothers will be held in the Parish House, corner Market and Church streets, Lexington, October 28.

The Board of Directors, composed of officers and county War Mothers, will meet at 9 a. m. The convention proper will begin at 10:30 a. m.

The mother of every son and daughter who served in the army or navy is urged to attend. Only delegates may vote. The County War Mothers are delegates by virtue of their office. In addition each County Unit is entitled to one delegate for every fifteen members.

An interesting and profitable program is being planned with reports from the National convention, addresses by Miss Mary E. Sweeney and others, songs by a quartette of soldier boys, etc.

CANDIDATE INITIATED.

At the regular meeting of A. J. Lovely Co., No. 34, Uniform Rank, Knights of Pythias, was held Wednesday night with a full attendance. Capt. Wm. W. Dudley put "the soldiers" through the drill. One candidate, Mr. J. B. Peterson, of near Millersburg, was given the initiatory degree.

PREDICTS BIG DEMAND FOR TOBACCO LAND.

With the opening of the loose leaf tobacco market in this city in December, a greater demand for farm lands with unprecedented sales at high prices is predicted by Paris real estate men, who believe the sales of farm lands will increase throughout the year, since the demand, especially for small tracts, is very heavy.

Kentucky and other tobacco-growing States in the nation will produce more tobacco in the coming year because of the lessened production in the European countries since the world war, and internal troubles. Russia, Turkey and Mexico, all producing a large amount of tobacco annually, will yield nothing like their normal production. Bourbon county dealers believe the demand for farm lands in both large and small tracts will be very materially increased soon. These views meet the approval of tobacco growers and tenants, who have been approached on the subject. When the annual "cropping" time comes around there will be much speculation as to "how many acres this time?"

MISS GLASS TO WED IN WASHINGTON, NOV. 1.

An important Washington social event will occur on Nov. 1, when Mary Archer Glass, daughter of Secretary of the Treasury and Mrs. Glass, is married to John Guerrant Boatwright.

The wedding will take place in Washington, as Secretary and Mrs. Glass are closing their Lynchburg home for the season.

It is anticipated that the affair will be the most brilliant of the early season. Besides being a daughter of a cabinet member, Miss Glass has a wide circle of personal friends at the Capital among whom she is extremely popular. Already the social calendar is filled with parties in her honor.

CORN AND TOBACCO DAMAGED.

The warm, wet weather of last week is said to have damaged corn in the shock to a considerable degree, judging from reports coming from reliable farmers. It is also reported that a great deal of damage has been done to tobacco which had recently been housed and had not had time to cure up. Some of it is badly darkened and some is almost ruined.

NOTES OF THE Y. M. C. A.

At the special meeting of the Y. M. C. A. Board of Directors last night Mr. W. O. Hinton was elected general chairman for the coming financial campaign. Mr. Jim Caldwell and A. B. Hancock were elected as generals of the two campaign "armies."

Bourbon county is participating in the State campaign which is a part of the larger South-wide campaign, including eleven States, and embraces causes for which the Association serves, including the International Committee of the Y. M. C. A. home and foreign work, the training of secretaries at Chicago and Nashville, for the permanent equipment at Camp Daniel Boone, which is so popular with Bourbon county people, for the work of the Kentucky State Committee and for the maintenance of the Bourbon county work for the next year. The amount totals between \$9,000 and \$10,000.

The local association has never had a larger program of work under way than at present and has never reached a larger number of people than at present, while the State work is perhaps in the best shape it has ever been in, and perhaps better than that of any other State.

The date for the beginning of the campaign will be set by the generals at the next meeting.

\$41,400 FOR CO-OPERATING

Kentucky farmers this year sold 332,000 pounds of wool through farmers' pools. Such pools were organized in twenty counties. These farmers received 12½ cents a pound more for their wool than they would have received had they marketed individually. In other words, they were paid \$41,500 for organizing these little associations to sell their wool. That is how co-operative marketing pays. Yet, some farmers still say that "there's nothin' to it," or that "farmers won't stick together." It is awfully hard for some folks to get a new idea, or to give up an old one, even when the old one has proven all wrong.

GOV. COX TO SPEAK IN STATE CAMPAIGN.

Gov. James M. Cox, of Ohio, will come to Kentucky, Tuesday, to help for three days in the Democratic State campaign. Gov. Cox will be accompanied by John L. Shuff, former postmaster of Cincinnati, and one of the Democratic leaders in the State, who will introduce him at Cincinnati and Georgetown.

Gov. Cox will speak in Cincinnati at 11 o'clock Tuesday morning and in Georgetown at 2:30 o'clock in the afternoon. At night he will appear with Gov. Black in Lexington. His appointments for the 29th and 30th have not been arranged.

SUMMING UP THE EVIDENCE

Many Paris People Have Been Called As Witnesses.

Week after week has been published the testimony of Paris people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere. 50,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful mass of proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Paris case. Wm. W. Dudley, 1729 Cypress St., says: "Some years ago I found it necessary to use a kidney remedy and as I had read about Doan's Kidney Pills, I used them. They proved to be satisfactory and permanently rid me of the complaint. I have good reason to recommend Doan's Kidney Pills and advise their use to anyone troubled with a weak and lame back or irregular passages of the kidney secretions."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dudley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

AN AGREEABLE SURPRISE.

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy. (oct-adv)

NATURE'S MIRROR

When a woman is well and healthy—there's a sparkle in her eyes, a rose tint in her cheeks, and she has rich red blood. There's elasticity in every movement and a spring in her step. Love comes to every woman who has bounding health—but when she is pallid, dull eyed, languid, she has no magnetism nor does she appeal to any man.

Such a change in feelings and looks!

After suffering pain, feeling nervous, dizzy, weak and dragged down by weaknesses of her sex—with eyes sunken, black circles and pale cheeks—such a woman is quickly restored to health by the Favorite Prescription of Dr. Pierce. Changed, too, in looks, for after taking Dr. Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump. It is purely vegetable, contains no alcohol.

Druggists sell it in tablets or liquid. Send Dr. Pierce, Buffalo, N. Y., 10c for trial package.

The Buick Built Crank Shaft

has been designated as the back bone of this famous Valve-in-Head Motor because it must withstand the impact of every powerful explosion that takes place in the Buick Valve-in-Head cylinder.

Strength, accuracy and toughness are the fundamental requirements—gauged, hammered and tempered into each crank shaft thru the rigid processes of expert machining, modern drop forging and special electric heating treatment.

Materials of the highest grade, Chrome nickel-steel of a special formulae subjected to rigid metalurgical and chemical tests, are other evidences showing how complete the Buick Factory is equipped to manufacture this important unit so essential in the successful operation of the powerful Buick Valve-in-Head motor.

The Caloric system of heating is an entirely new application of the principles of conveying heat. Cold air falls—warm air rises. The Caloric's one register is built to take advantage of this simple scientific fact. The outer channel sucks cold air out of the house, carries it to the bottom of the furnace, where it is purified, and passes over the radiation chamber up into the house by the inside warm air channel. The warm air is lighter and travels upward rapidly. Although no perceptible draft is noticed, the warm air seeks out every nook and corner in each room so that the temperature over the entire house is practically the same, the sewing room upstairs being as cozy as the living room where the register is usually put.

We are enthusiastic about the Caloric. The remarkable results obtained by more than seventy-six thousand owners last year during the coldest weather proved our every claim. We KNOW that it will make good and save 35% of your fuel bill.

Come in during Demonstration Week. You will not be obligated, and may learn many things that will mean more and better heat with a decided saving of money.

RELIGIOUS.

—The Pastors' Aid Society of the Presbyterian church will hold an all-day meeting in the church parlors next Tuesday, October 28. It is earnestly requested that every member be present.

—Rev. J. R. Black, State Superintendent of Sunday School Work, will occupy the pulpit at the Baptist church, in this city, Sunday morning at the usual hour of worship.

—Rev. Dr. J. L. Cotton, of Louisville, will preach at both services at the Presbyterian church, Sunday. Capt. Harbeson will sing solos. Dr. Cotton is an eloquent pulpit orator, well-known to Paris people.

—Rev. Dr. Arthur Fox, of Hope, Arkansas, has accepted the call recently extended him to assume charge of the congregation of the Baptist church. Rev. Fox will come to Paris about November 7, and will preach his first sermon as pastor of the church at the morning service on Sunday, November 9.

—All the men of the Baptist congregation are cordially invited to attend a "Fellowship Banquet" to be given in the church building this (Friday) evening, at eight o'clock. Men who are not members of the congregation, but whose wives are, will also be expected to attend. A good time is assured. Speakers of prominence are expected to be present and make addresses.

—The Bourbon county delegates who attended the International Convention of the Disciples of Christ at Cincinnati, report that the final sessions were extremely gratifying in the harmony that prevailed and the spiritual enthusiasm manifested with reference to the missionary benevolent and educational enterprises of the church. Steps were taken toward the unification of five missionary and benevolent associations, and as soon as the legal formalities are completed the five will become the United Society.

—About one hundred ministers and lay delegates are in attendance on the meeting of the Synod of Kentucky of the Presbyterian church, U. S. A., in session in Harrodsburg, from October 21, to 24. The public services are largely attended. Among the noted speakers are Dr. Fullerton, of St. Louis, who preached the opening sermon; the Rev. J. I. Armstrong, of Philadelphia, who will speak on Religious Education, and Wingfield Scott Hall, whose topic will be Temperance and Moral Welfare. The Rev. J. J. Rice, the pastor in charge, formerly pastor of the Paris church, was installed with impressive ceremony a few weeks ago.

RACING OPENS AT CHURCHILL DOWNS.

Following the close of racing at the Latonia track, what promises to be the best autumn racing ever staged at the Churchill Downs track at Louisville opened yesterday, when the nine-day session, which likewise culminates this season's Kentucky racing, was started. There has never been a more abundant list of horses in these parts to engage in fall racing, and the diversified program that Racing Secretary Shelley has constructed insures ample material in the different daily cards.

A departure from former seasons will be the beginning of races at 2 p. m. daily instead of 2:15. The shortness of the days, coupled with the fact that the time will be moved up an hour soon, is responsible for the change.

All available stable space at the Downs is occupied and Douglas Park has been called on to serve as auxiliary quarters for many of the horses. Of these that are located now at Douglas Park many owners will arrange to make the present quarters permanent ones for the winter.

Box and club reservations for the coming meeting have exceeded former demands for a fall term of racing and the social element who will be in daily attendance promises to be as numerous as during the spring meeting.

Tuesday, October 28, has been set aside as "Army Day" and the boys now in Camp Zachary Taylor, which includes "Pershing's Own," the fighting First, with General Sumner at its head, will be guests of the track.

DIDN'T KNOW THERE WAS ANOTHER ONE!

This is a small world after all. Most people are of the opinion that there is but one Bourbon county in the world, and that is located in the center of the Bluegrass region of Kentucky. Yet in the days news there appears to be a Bourbon county in West Virginia. A marriage license was issued in Lexington, Tuesday, to Leo Wells, of Bourbon county, West Virginia, and Carrie Crawford, of Winchester. The name of Paris adorns many towns throughout the country, but this is our first knowledge of another Bourbon county.

It is hoped you will find it convenient to attend this interesting exhibit.

WHAT'S THE REMEDY?

Something ought to be done by the contractors to remedy the deplorable conditions existing at the corner of Pleasant and Eighth streets, in the vicinity of the Government building. Due to the street being plowed up preparatory to the concrete surfacing to be done there, and the work being interrupted by the heavy rains, the mud has become so heavy that the street is nearly impassable. People going to and from the postoffice are compelled to wade through sticky mud nearly up to their ankles. Surely the contractors or the city ought to at least place a few wide planks there, so that in case any one happened to get mired a tractor could be sent to the scene and pull him out to land again.

ATTENTION, FARMERS!

GOING TO LEXINGTON.

Mr. and Mrs. Geo. Crosdale, who for many years have conducted the Crosdale Inn, on High street, and later the Crosdale Hotel, in the Howard building, on Main street, will move to Lexington soon, where they will take charge of the Tattersall Inn, one of Lexington's popular places.

The many friends of Mr. and Mrs. Crosdale will sincerely regret their departure from Paris. They had hoped to remain in the Howard building, in which they had established a highly successful and popular hostelry, but the new owners, desiring possession of the house, forced them to seek a new location. The best wishes of their Paris friends follow them to their new home.

DUNBAR BELL RINGERS AT CITY SCHOOL MONDAY.

The Dunbar Male Quartet and Bell Ringers will appear at the Paris High School auditorium, on next Monday night, October 27, at eight o'clock, in a varied program of musical novelties. Their appearance will be part of the regular Lyceum course to be given through the winter.

The vogue of the Dunbar Bell Ringers was the most notable of any similar company that has appeared on the American concert platform. They gave over 2,800 concerts up to 1912, when both Harry and Ralph Dunbar resigned their places to others. The company had up to that time traveled over 500,000 miles in America and Europe.

BOURBON MEN FIGURE IN LOUISVILLE COURT.

After ten minutes' deliberation, a petit jury in the United States District Court found Joe Willen and E. M. Osborne guilty of willful interference with the telephone system while under control of the Government. Joseph Lee, their counsel, entered a motion for a new trial.

Witnesses for the Government testified that while Osborne and Willen were on picket duty in Seventh street and Florence place, July 15, they encountered a group of men coming from the Home Telephone Company's warehouse, and that the two men attacked J. H. Head and Will Collins, employees of the company. The defense sought to prove Head and Collins started the fight.

Head was formerly manager of the Home Telephone Co.'s exchange at Millersburg. Collins, who is manager of the exchange at Maysville, is a brother of N. B. Collins, of the Cumberland Co., in this city.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the life-afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood. Kidney disease is usually indicated by weakness, sleeplessness, nervousness, dizziness, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haaslem Oil Capsules immediately.

The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haaslem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haaslem Oil. After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

CHAMBERLAIN'S COUGH REMEDY.

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of a trial and you will find this to be the case.

CLERKS MUST FURNISH PROHIBITION BALLOT TO VOTER.

Under Section 2, Chapter 63 of the Acts of 1918, the clerk of election is required to furnish each voter who presents himself at the polls a ballot on the prohibition amendment. This opinion was given by Assistant Attorney General D. O. Myatt in answer to a query as to whether the clerk of election should present to each voter a ballot to be voted on the amendment whether the voter requests it or not.

Mr. Myatt is of the opinion that it is not necessary for the voter to make a specific request for the ballot.

"FIDDLE-FIT"

Keep Liver and Bowels
Clean and Active
with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleans the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep.

A severe headache is a common complaint with the bear. A bee sting is its antidote.

How Mat Cohen Spends Your Money

Facts for the Taxpayers of Kentucky

Mat S. Cohen, Commissioner of Agriculture and Democratic candidate for Secretary of State, employs more people in his department and spends more money than any other three combined departments of the State government. It is very important to the taxpayers, especially the farmers, how this money is spent.

In three years, Cohen's personal traveling expenses, which you taxpayers pay, have piled up to a total of \$4,153.93, an average of \$1,384.04 per year. In 1917 he charged you taxpayers \$5.00 per day for ten days for attending the State Fair in addition to railroad fare and a hotel and taxicab bill of more than \$100.00. Does anybody pay you to visit the State Fair?

Vouchers on file in the Auditor's office at Frankfort show what Cohen has been doing with your money. Below are a few samples of the extravagance of this man Cohen who, four years ago, solemnly promised you taxpayers to spend your money carefully and economically:

COHEN CHARGES YOU EXTRA FOR DOING HIS JOB

The minute Cohen was elected to office he got the state legislature to raise his salary, but the legal department of the state ruled he could not have it. As Commissioner of Agriculture, Cohen is a member of all the boards in his department and his duty is to attend their meetings regularly as a part of the work for which you taxpayers pay him a salary. But Cohen charged you from \$5.00 to \$10.00 a day for attending meetings of various boards. The total you paid him for this was \$620.00 for 53 days, an average of \$7.44 per day. Easy money for answering "Here" at roll call.

Cohen was paid \$100.00 upon the order of the Veterinary Examiners' Board and it was charged to the Veterinary License Fund. The Attorney General ruled the claim was illegal.

Certain clerks in Cohen's department draw money in addition to their salaries. One was paid \$36.00 a meeting for attending four meetings of the Live Stock Sanitary Board. She draws a regular salary of \$2,100.00 a year which you taxpayers pay. Can you beat it?

Another clerk gets a salary of \$1,200.00 a year and in addition she is paid an extra \$400.00 as clerk of the State Board of Veterinary Examiners. Pretty soft.

WHAT'S IN THE STATE FAIR BOOKS?

On Oct. 6, the Republican State Campaign Committee asked the privilege of having the State Fair Books examined by certified public accountants. Cohen at first consented, but later denied the privilege. When threatened with a law suit, he said he would submit the request to a meeting of the State Board of Agriculture, Oct. 25, a few days before the election.

The books of the State Fair belong to the taxpayers who contribute huge sums of money each year to help keep it going.

Among other items in those books are vouchers showing Mat Cohen's personal expense account. Why does Cohen object to an immediate examination of those books?

**ITALIAN AMBASSADOR DEAD IN
WASHINGTON.**

WASHINGTON, October 23.—
Diplomatic and official Washington
to-day, mourned the death of Count
V. Machi Di Cellere, Italian Am-
bassador to the United States for the
last six years. The Ambassador's
death occurred Monday night, as he
was about to undergo an operation
at a hospital here.

Few members of the diplomatic
corps were aware that the count
was ill. His illness dated from last
Saturday, but not until yesterday
was his condition considered serious.
He then was hurried to a hospital,
his physician hoping that an opera-
tion might save his life, but death
came before the operation could be
performed. His death was ascribed
to mesenteric thrombosis formation
of a blood clot in the tissues of the
mesentery.

Following diplomatic custom, the
United States will assign a battle-
ship to convey the body to Italy.

Ambassador Di Cellere was about
to close his work here, after having
handled a number of difficult ques-
tions both during the war and since
the cessation of hostilities. Baron
Romane Avezano recently was ap-
pointed to relieve him.

BOX SUPPER AT THE COLVILLE SCHOOL.

Mrs. Jimmie Alice Bowles announces a miscellaneous supper at Colville School to-night, (Friday), October 24, for benefit of Children's Home Society, of Louisville.

Of course a person can't completely control his nerves, but he ought not to act always as if he were patched together with mustard plasters.

EBERHARDT—GROTE.

—Myron F. Grote, editor of the Vancuburg Sun, who has been a frequent visitor in this city, was married a short time ago, to Miss Agnes Eberhardt, who was at the time attending school at London, Ky., where the marriage took place. The boys of his home town gave him a rousing "chivaree" when he brought his bride home. THE NEWS proposes the time-honored toast of poor old Rip Van Winkle: "May you live long and prosper."

SPEEDER HAS NARROW ESCAPE IN AUTO.

A Maxwell speeder, driven by John H. Barlow, of Carlisle, ran over an embankment on the Lexington and Paris pike, near Hutchison, Tuesday. The machine was almost completely demolished. Mr. Barlow escaped with slight bruises and a severe shaking up.

According to Mr. Barlow he lost control of the car when the steering gear broke. The machine plunged from the road, turning over three times in its flight down the embankment. Mr. Barlow jumped as soon as he realized his danger, thereby saving himself from serious injury. The damaged machine was sent to a garage and Mr. Barlow came on to Paris, en route home.

AMERICAN LEGION MEETING POSTPONED TO MONDAY.

On account of the absence of Mr. William Collins, who was to have made an address to the members, the meeting of Bourbon Post, American Legion, scheduled for Saturday night, has been postponed until Monday night, at the same place and time.

Mr. Collins will make a report of the proceedings of the State meeting of the American Legion, at Louisville, which he attended as a delegate representing Bourbon Post. He was called to Indiana on a business mission, and wired that he could not return in time to be present at the meeting set for Saturday night.

HOW BOURBON FARMING LANDS HAVE ADVANCED.

As an illustration of the remarkable increase in the valuation of Bourbon county farm lands in the past two years, Sheriff Will G. McClintock, of Paris, purchased Monday from Frank Collins an interest in a tract of land near the city limits of Paris, known as "Griffith's Woods," for \$500 an acre.

Two years ago Mr. McClintock, Mr. Frank Collins and Mr. Henry S. Caywood purchased this property, containing 311 acres, for \$200 an acre. They resold 200 acres to Mr. John Woodford at the purchase price. In 1918 they built two large tobacco barns from the timber on the lands, and raised a crop of tobacco which netted \$35,000. Mr. McClintock then bought Mr. Caywood's one-third interest for \$400 an acre, and this year his barns are filled with a crop of tobacco which it is estimated will net about \$40,000.

One of the worst things about this world is that a man's earning capacity decreases before his appetite does.

And even if we didn't have prohibition few of us could afford to roll in the gutter while clothes cost like they do now.
